NORTHEAST RESOURCE
RECOVERY ASSOCIATION

PRESS RELEASE – 6/6/17

Don Shosa (Littleton, NH) Receives NRRA's Facilities Staff Recycler of the Year Award

EPSOM, NH – The Northeast Resource Recovery Association (NRRA), New Hampshire the Beautiful and NRRA's School Recycling CLUB presented Head Custodian Don Shosa of Littleton High School and Daisy Bronson Middle School in Littleton, NH with the Facilities Staff Recycler of the Year Award at the 8th Annual School Recycling Conference on May 23, 2017 at the Radisson Hotel in Manchester, NH.

Mr. Shosa was nominated by his entire custodial staff to recognize his 41 years of service to the schools and his dedication to the future of his students and the environment. By partnering with the Littleton Transfer Station, he was able to obtain a 20-foot recycling trailer which is used to collect a variety of recyclable commodities such as cardboard, bottles, paper, etc. His collection of aluminum cans helps to fund an annual scholarship for a student enrolled in the technical career center.

"No school recycling program can be successful without the support of the facilities staff," said Michael Durfor, NRRA Executive Director. "Don's years of service have not only helped the environment, but saved the school money and resources, while providing for a student scholarship fund."

Nine awards in total were given out. For nomination details on each recipient, visit The School Recycling CLUB website www.schoolrecycling.net or Facebook page <https://www.facebook.com/school.recycling>
