NORTHEAST RESOURCE
RECOVERY ASSOCIATION

PRESS RELEASE – 6/6/17

Dennis Perreault (Litchfield, NH) Receives NRRA's NH Teacher Recycler of the Year Award

EPSOM, NH – The Northeast Resource Recovery Association (NRRA), New Hampshire the Beautiful and NRRA's School Recycling CLUB presented Dennis Perreault of Campbell High School in Litchfield, NH with the NH Teacher Recycler of the Year Award at the 8th Annual School Recycling Conference on May 23, 2017 at the Radisson Hotel in Manchester, NH.

Mr. Perreault is the driving force behind the Campbell Recycling Advocacy Project (C.R.A.P.). This innovative program offers students course credit while learning new skills as they work to extract and bale recyclable commodities such as cans, paper and even the copper from electrical wiring. The program has gained statewide recognition through participation in multiple regional and national recycling competitions as well as receiving grants to help sustain their program.

“This is a great example of how one teacher can build a program that not only saves money and the environment, but teaches valuable skills that students can use as they transition into their careers,” said Michael Durfor, NRRA Executive Director. “Our hope is that Mr. Perreault's students will enter the growing recycling and resource management field.”

Nine awards in total were given out. For nomination details on each recipient, visit The School Recycling CLUB website www.schoolrecycling.net or Facebook page <https://www.facebook.com/school.recycling>
