***"Recycling Still Rules"***

**2019 School Recycling Conference  
Call for Presentation Proposals**

**Submission Deadline: Friday December 21, 2018**

For over 37 years NRRA has sponsored this first in the nation Conference and Expo, which is critically acclaimed as the one Conference and Expo you must not miss. With this year's conference theme of "Recycling Rules", we hope to highlight how the industry can continue to move forward, whether by focusing on what has worked well in the past or embracing the new. It will be a fantastic opportunity for School Recycling Coordinators, Facilities Managers, Students, Teachers, Volunteers, Administrators, Local/State/Federal Officials and Industry Representatives to exchange ideas, share philosophies and further promote waste reduction and strategic materials management! This is also a great opportunity to give your students presentation experience!

**Possible presentation topics may include, but are NOT limited to:**

- Careers in Recycling
- Remakeries & Tool Libraries
- Ocean Gyres Progress
- Recycling Art in Schools
- Student Panel Discussions
- Brown is the New Green - Composting 101
- Hands-On Demonstrations

We are open to any and all ideas! Individuals selected to give their presentation will be showcased in all conference materials and receive a complimentary registration (which includes breakfast and lunch) for the School Recycling Conference and Expo.
